

CROPS OF COUNTRY HURT BY DRY MONTH

Even the White Potato Has Little Prospects of Setting Record.

REDUCTION OVER AUGUST FORECAST

Hay Is the Only Crop Expected to Come Ahead of Last Year.

WASHINGTON, Sept. 8.—Heavy damage to the country's cereal crops during August caused a loss of many millions of bushels in prospective production, cutting down the outlook for wheat to the lowest amount required for home consumption.

The department of agriculture's monthly forecast, issued today, estimates the wheat crop at 611,000,000 bushels, or 100,000,000 bushels less than the August forecast. The forecast for the entire year is 1,000,000,000 bushels, or 100,000,000 bushels less than the August forecast.

Wheat crop loss, however, will make up the deficit and leave some thing like 10,000,000 bushels available to supply the heavy demands of foreign nations for American wheat.

Wheat Crop Loss.

Spring wheat, parched by hot and dry weather showed a loss of 41,000,000 bushels since the August forecast. The forecast of the wheat crop was 611,000,000 bushels and that of spring wheat at 155,000,000. The prospective spring wheat crop is estimated at 122,000,000 bushels, or 290,000,000 bushels less than harvested last year. The total wheat crop is placed at 611,000,000 bushels, which is 100,000,000 bushels less than last year's record-breaking crop of 1,012,000,000 bushels. The combined winter and spring wheat crop is the smallest since 1909 and the acre yield the lowest in 25 years.

The heavy loss in prospective production of corn was due to drought. In many sections, particularly Kansas and Oklahoma, many fields of corn were cut for ensilage or fodder. The total crop is forecast at 770,000,000 bushels, which is 25,000,000 bushels smaller than the average for the last five years.

Spuds Are Short.

An unusually short output of white potatoes for winter supply is forecast. Production of 31,000,000 bushels is indicated. That is 40,000,000 bushels less than forecast a month ago and the smallest crop since 1911.

Other losses from the production estimates made a month ago are: Oats 43,000,000 bushels, barley 11,000,000 bushels, buckwheat 1,300,000 bushels, rice 1,000,000 bushels, cotton 1,100,000 bales, apples 3,000,000 barrels and peaches 3,400,000 bushels.

Peanut Has Hurt.

While cereals all suffered serious damage during the month, hay and tobacco prospects increased and the harvests of these two crops and also of rice will be record-breaking. There was an increase of 27,000,000 pounds in the indicated production of tobacco, making a crop of 1,234,000,000 pounds, and exceeding the former

STP record of 1916 by 121,000,000 pounds. Hay production is forecast at 86,200,000 tons, 1,000,000 tons more than a month ago and 1,000,000 tons more than last year's record crop. Rice, which declined 1,400,000 bushels from a month ago, promises a crop of 27,000,000 bushels, at least 1,000,000 bushels more than the record crop harvested last year.

OLD NEGRO COUPLE GET IN "JAY" ZONE

Try to Evade Bond by Drawing Maps Before Sergeant Howard at Station.

Traffic officers last night arrested H. Williams and wife, colored, at the corner of Third and Main for jay driving in their spring wagon drawn by the old family horse.

Both Williams and his wife who were somewhat blinded by the bright lights of the busy streets ventured into the heart of the business section and became frightened and finally landed on the wrong side of the street. For a time traffic was stopped on their account and when taken into custody they pleaded with the officer in charge for their release, but he told them it would be necessary to tell their troubles to the judge.

When Sergeant Tom Howard questioned the old man and woman extensively he was compelled to put the old man under a \$5 cash bond for his appearance this afternoon at 4 o'clock and here the old man and woman began to plead again, both of them trying to tell the sergeant how they happened to be on the opposite side of the street. Williams made a map of the street before Sergeant Howard, trying to convince him that he was in the right and that he thought he should be turned loose. Finally, back after several minutes of hot contention, he turned to his wife and said: "Honey do you all think we can rake up \$5 to keep me out of jail this night?"

After going through their pockets they finally managed to scrape up the much needed "five" which was turned over to Sergeant Howard. After Williams had paid the judge he took his wife in his arms and ascended to their seat in their wagon and drove away. Both Williams and his wife are old negro residents of this city and have never been in court before. Williams is a member of the colored Methodist church and has several religious buttons on the lapel of his coat. His wife was greatly humiliated when she was taken to the police station last night.

AFTON ENROLLMENT PROMISES RECORD

It Is Expected that at Least Twenty-five Increase Will Result.

SPECIAL TO THE WORLD.

AFTON, Okla., Sept. 8.—The enrollment of the Afton public schools at the end of the first week of school this season shows an increase in enrollment of 25 pupils over last year's enrollment. This will be increased materially next week and before the month is over the enrollment is expected to amount to a 25 per cent increase over last year. The total enrollment for the first week shows 429 which will mean an enrollment of at least five hundred for the year. The high school shows an enrollment of 30, to begin with this year, with a number yet to enroll. Prof. J. O. Crook has built up the Afton schools remarkably during the four years he has been superintendent of the Afton schools. Prof. H. C. Arnold is principal of the high school.

NATIONAL BISCUIT COMPANY

HELP NEEDED FOR KENDALL PUPILS

People of Tulsa Asked to List Work They Desire Done.

BOOST THE GAME

Many Noted Men Got Education Through Doing Odd Jobs.

Many of the greatest men of the nation were able to secure a college education only through opportunities that were given them by the citizens of the community to make their expenses while attending school.

During the summer's campaign for students Henry Kendall college of Tulsa found everywhere in eastern Oklahoma bright, young people who are ambitious for an education, who are capable of receiving an education, but who are unable to pay for an education.

Hundreds of these young men and women are calling upon Henry Kendall to help them find some honorable work by which they may earn college expenses. Many of these young people have actually taken jobs in Tulsa and are bravely seeking employment.

Organize to Help.

Out of a pure desire to serve these worthy, ambitious folks Kendall has organized a bureau of employment. Through this agency it hopes to reach the houses, offices, stores, factories, newspapers and other business places in the city of Tulsa and list work for this prominent type of citizenship. President Evans and those in immediate charge of this work will consider an act of genuine college loyalty and Christian service for anyone to call the college bureau of employment at phone 2665 and list with them your need for any kind of skilled or unskilled work. An effort will be made to give prompt service.

This offer is made to citizens of Tulsa, members of the Y. M. C. A., the Rotary club, the men's fraternal societies, clubs, Chamber of Commerce and churches. The list is especially solicited to ask for such service as they, as organizations or individuals may need. Business houses of all kinds are asked to get in touch with the bureau if they need any help, for part time or full time.

Please check, fill in and mail the blank below to bureau of employment, Henry Kendall college, Tulsa, Okla.

FALLS ON BUZZ SAW BUT MAY GET WELL

Boy 13, Has Six Ribs Cut in Two and Hand Exposed by Gash.

MEMPHIS, Tenn., Sept. 8.—Paul Kennedy, aged 13, has a chance for recovery, according to physicians today after three hundred stitches were used to close a wound in his left side caused by falling across a buzz saw at London, Ark. The boy arrived at a local hospital last night, 24 hours after the accident happened. The saw had cut a gash ten inches long just under the left arm, severed six ribs, struck the lung and exposed the heart. The boy was taken to the hospital by the employees at the sawmill where they bandaged the wound with gauze and slung him to the best of their ability in a sled by the physicians to be largely responsible for the boy's prospects for living.

THE POLICE STATION IS DRY

Following Disposal of \$5,000 Worth of Wet Goods Vault Is Empty.

For the first time in several months the vault at the police station is without a drop of "hooch." After the raid of Thursday night, which consisted of several thousand dollars worth of whiskey and beer, every drop was poured into the sewer. Friday afternoon by Sergeant Tom Howard, who counted the liquor after the raid, it was announced last evening that over \$5,000 worth of excellent brands of whiskey and beer was poured into the sewer and only evidence of the raids were kept. According to Sergeant Howard it has been at least four months since the police station has been entirely out of liquor.

STATE HIGHWAY FUND GETS AUTO TAX COIN

Several Arrests Made in Collection of Money Belonging to State.

SPECIAL TO THE WORLD.

RINGLING, Okla., Sept. 8.—There is due to the state highway department by Ringling, approximately \$144,000 in license taxes from the owners of automobiles, according to Frank C. Carter of Frederick, special license inspector for the department, who made a tour of Jefferson county this week. These figures are based on his estimate that there is an average of 150 delinquents to the county.

Twelve arrests were made in Ringling and about sixty were made in Bryan and Wagoner. So far as Jefferson county citizens are concerned the law is better enforced here than in any other county I have visited," said Mr. Carter. "Quite a number of men arrested in Wagoner had cars that belonged in the Carter county division of the oil field, and the same is true of Ringling."

In Grady county Mr. Carter made 174 arrests and in Comanche county 162 arrests. His territory embraces Stephens, Canadian, Kingfisher and Garfield counties and all counties in the state west of these.

PONTOTOC COUNTY FAIR TO BE GOOD

All Is in Readiness for the Largest Attraction in the County.

SPECIAL TO THE WORLD.

ADA, Okla., Sept. 8.—The Pontotoc County Fair and Breeders' association, a recently formed organization at Ada, has purchased a tract of ground north of the city and is putting it in shape for the annual county fair. The fair this year, on account of the grounds having to be put in shape, will not be held until October 11, 12, 13 and 14. The management made many efforts to hold the fair prior to the holding of the state fair at Oklahoma City, but this could not be arranged.

J. B. Hill, the county farm demonstrator, is preparing the exhibit of the club boys to take to the Oklahoma state fair at Oklahoma City September 20. He believes that he will have a display of club boys' products that will rival anything else in the state. Last year the Pontotoc boys won the state championship in cotton production, and the boys are anxious to repeat the winning again.

Mrs. Elva Roberts Darall, who has charge of the girls' canning clubs, is also preparing an exhibit. Due to the dry weather gardens were not good here this year, and the result of the girls' canning clubs will demonstrate what they can do in the way of preserving the things that ordinarily go to waste.

EAST CENTRAL HAS NEW PUBLICATION

School Newspaper Is Expended to Prove Benefit of the Students.

SPECIAL TO THE WORLD.

ADA, Okla., Sept. 8.—"The East Central" has made its first appearance. It is a bi-weekly publication issued by the students and faculty of East Central normal. It is a four-column sheet, well edited and illustrated. The first edition carries on the front page a large cut of the new president, J. M. Gordon.

The object of the new publication is to keep the students of the school throughout the state in close touch with the school and to keep them informed as to the newest thought in the educational world. The members of the faculty of the school as well as the leading educators of the southwest will contribute to the paper.

BROADWAY.

Tulsans will today have their last opportunity of witnessing the Idyll Frolic company in the presentation of that clever one-act farce, "Other People's Money." There will be two matinees and two night shows with six reels of first run comedy and feature pictures. Today's program is one of the best of the season at this theater and will be one of special interest to women and children. Aside from good dancing there are seven excellent musical numbers that are sure to prove highly entertaining. Today's bill involves the story of a man who seeks to marry off his daughter to a man who is distasteful to her in order to get a million-dollar dowry. The father, however, is cleverly thwarted in his plans and everything ends in a satisfactory manner to all concerned. The Martin Sisters and Tempo Trio will prove big features of the program today.
